## BUDAPEST BARS & CLUBS

### RECOMMENDED BARS AND CLUBS: SAFE, FRIENDLY, SUITABLE FOR DRINKS, DANCING, CONCERTS

Budapest has become known for its alternative club scene with loads of "ruin pubs" in the downtown area. "In a decade, this inimitable phenomenon, with no real equal in any other European city, has become a kind of movement - the creation of cafés in abandoned buildings destined for demolition. You can find ruin pubs in derelict apartment buildings, shuttered cinemas and closed factories. These dilapidated structures get a fresh breath of life that allows them an alternative existence. There's no facelift. The cobwebs might get swept out (with an emphasis on might), but otherwise - the space is utilized as is, making do with whatever is left of it."
